

Date:	October, 2010
Bulletin Number:	SC10-004PMB
Subject:	SpraCoupe 4460/4660: New Options and Field Accessories
Summary:	Fenders, Toolbox, Triple Nozzle Bodies and Nozzle Kits introduced.
Distribution:	All Dealers

NEW OPTIONS AND FIELD ACCESSORIES

New options and Field Accessories have been introduced for the SpraCoupe 4460 and 4660 models. These add value to the machine and convenience to the purchasing process.

Items such as:

- Front and rear fenders
- Frame-mounted toolbox
- XRC11003VP nozzle kits in quantities of 50, 60 or 75

can now be ordered with machines from the factory as optional equipment.

Items below may be ordered as Field Accessories to complement current models as well as previous 4X55 and 4X50 models.

- Fenders
- Toolbox
- Triple Nozzle bodies for 80-foot boom

FRONT FENDERS

Front fenders are now an available option for 2011 SpraCoupe 4460 and 4660 models. The same option number applies to both machine models.

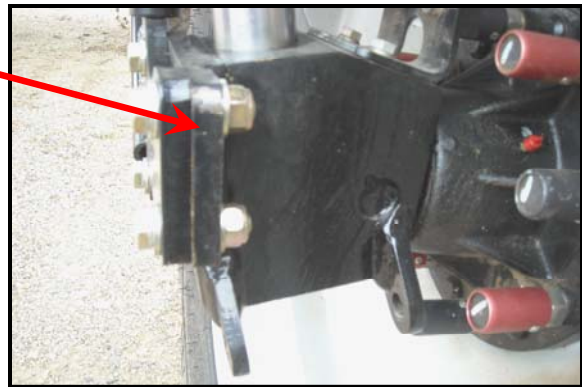

Use # **603023J1** to order as an **option**

Front fenders are also available as a Field Installed Accessory for any 4000 Series SpraCoupe equipped with wide front end.

Use # **603027J1** to order as **F/A**

Note: Field Accessory mounting requires welding of mounting plates (included with kit) to each front spindle assembly of pre-2011 model year machines.

REAR FENDERS

Rear fenders are now an available option as well for 2011 SpraCoupe 4460 and 4660 models. Field-installed accessory kits will fit up to earlier model 4000 series machines.

Note: Not to be used with 72" drive shaft

For 44XX machines:

Use # **603024J1** to order as an **option**

Use # **603028J1** to order as **F/A**

For 46XX machines:

Use # **603025J1** to order as an **option**

Use # **603029J1** to order as **F/A**

TOOLBOX

A removable molded poly toolbox is now available as a factory-installed option or as a field-installed accessory. F/A comes with mounting bracket, washers, hairpins and installation instructions. Can be installed to all 4000 series SpraCoupe models.

Toolbox dimensions: 13" H x 11" W x 10" D

Use # **603022J1** to order as an **option**
 Use # **603026J1** to order as **F/A**

NOZZLE KITS

XRC11003VP nozzle kits in quantities of 50, 60 or 75 can now be ordered with machines from the factory as optional equipment. These are Polymer tips with VisiFlo color-coding.

Nozzle features:

- Excellent spray distribution over a wide range of pressures: 15-60 psi (1-4 bar).
- Ideal for rigs equipped with sprayer controllers.
- Reduces drift at lower pressures, better coverage at higher pressures.
- XR TeeJet tip molded into Quick TeeJet cap provides automatic spray alignment.
- Includes tightly fitting washer that stays put and assures a good seal.

Order optional XRC11003VP Nozzle Kit with new machine by option number.

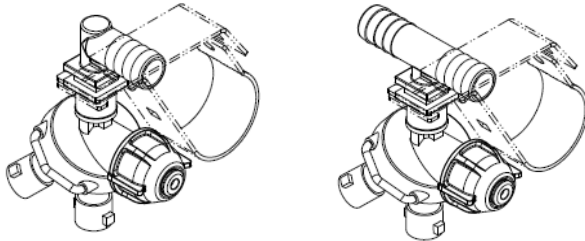

Kit nozzle Qty.	Use option #
50	603031J1
60	603032J1
75	603033J1

TRIPLE NOZZLE BODIES

Triple Nozzle Bodies for 80-foot boom with 20-inch spacing are available as a Field Accessory kit. The kit may be used for 60-foot boom with excess nozzle bodies held as spare parts.

Description	Quantity
.75 single barb	10
.75 double barb	39

Use # **603030J1** to order as **F/A**
